

TERRA IÓN

INTRODUCCIÓN

Bodega Terra IÓN is nestled in the Tramuntana Mountains. With 6 hectares of vineyards surrounding our winery, our vineyards are a testament to nature's bounty. Each row captures the essence of the Tramuntana's limestone-rich soils, grapes that echo the land's unique harmony and vitality.

With a reshaped winemaking philosophy, our wine style underwent a profound evolution. Adopting a holistic approach, we draw from our very own 6 hectares of vineyards to create unparalleled expressions of the land.

During our wine tasting EXPLORACIÓN you can enjoy organic, locally sourced food paired to our wines. If you want to throw your own party between the vines, just let us know and we will plan something amazing together and for you.
